Daniel is the key that unlocks Revelation like you've never seen it before! This is Awesome, so please listen closely to this whole presentation. Daniel 7:25 says the Little Horn would war against God's people for a "time and times and the dividing of time".

To learn how the papacy fulfills this prophecy you first need to understand how prophetic time is calculated. There are 5 points you need to know!

#1) The phrase "Time" refers to a time period of "1 Year"

#2) The phrase "Times" which is plural, equals "2 Years"

#3) The phrase "Dividing of Time" represents "Half a Year"

#4) Biblical month = 30 days & Biblical Year = 360 days!

#5) In Numbers 14:34, God uses the day for a year principle.

1 Day = 1 Year

Point #1) The phrase "time" refers to a time period of "1 year" unless otherwise specified in the prophecy, such as you see in Daniel 4:16.

#2) The phrase "times" which is plural, equals "2 years"

#3) The phrase “dividing of time” represents a year divided in half, or “half a year”

By adding 1 year, plus 2 years, plus half a year, you get 3 ½ years. In other words, the Little Horn made war against God’s people for 3 ½ years. But the key to understanding prophetic time, is found in knowing how many days are contained in the months and years of the prophecy.

#4) In Daniel’s day the Biblical month had 30 days, and the Biblical year had 360 days. By multiplying 360 days x 3.5 years, we learn there are 1260 days in 3 ½ years.

You can also calculate this time period by months. There are 36 months in 3 years, and 6 months in half a year, this equals 42 months. Now multiply 42 months by 30 days per month, and you get 1260 days! Now there’s only one more step to go!

#5) In Numbers 14:34 we learn that God uses the day for a year principle. This means each prophetic day becomes one literal year. Therefore 1260 days becomes 1260 years!

*Daniel 7:25 is really saying the Little Horn
made war against God’s people for 1260 years!*

*The papacy ruled from 538 AD to 1798.
Exactly 1260 years as predicted in the Holy Bible!*

Our earlier videos reveals the Roman Catholic Papacy came to power in 538 AD, after the Ostrogoth’s were ousted from Italy. Adding 1260 years to 538 AD, brings you to the year 1798. In that year Napoleon’s General Berthier marched into Rome, took the Pope prisoner, and proclaimed the political rule of the papacy at an end. The pope later died in exile. Thus the papacy ruled from 538 AD to 1798, exactly 1260 years as predicted in the Holy Bible.

During this time known as the dark ages, historians report the Catholic Church was responsible for the deaths of millions of people. This deadly wound which the papacy received in 1798, put an end to its political rule, along with its persecutions against God’s people.

Now here’s how Daniel unlocks Revelation. This time period of 1260 years is mentioned twice in Daniel and 5 times in the book of Revelation. In the King James Bible they appear as the phrases: “time and times and the

dividing of time”, which is 3 ½ years, or as “forty *and* two months”, which is also 3 ½ years, or as “a thousand two hundred *and* threescore days”.

By the way, a “score” equals 20, so 3 score equals 60. This is 1260 days! All three of these time periods are the same! Whenever you see one of these three phrases in Daniel or Revelation, you can know God is speaking about the Little Horn power, the Roman Catholic papacy, who made war with God’s people for 1260 years.

In this way, Daniel clearly unlocks Revelation by identifying who God is speaking about in each of these verses.
